

Campanion App Download Instructions

We're striving to bring parents closer to their camper's experience, and this summer we're using an amazing new app called Campanion to do just that.

The best things about it? It helps with all of your pre-camp preparations, and you get fun updates and photos of your camper right on your phone. Campanion makes you feel closer to your camper's experience than ever before.

To get started, follow these simple steps:

- [Download the Campanion app](#)
- Use your CampInTouch Account email address and password to log in
- Complete forms online and upload completed paperwork right in the app
- Upload a training photo of your child, which enables the app to send you photos of your camper over the summer
- Ensure you have push notification enabled within your phone settings so you can receive important updates from camp all year long!

Let us know if you have any questions, and we look forward to sharing the experience of camp this summer.
